## Eagles Nest

HOW DID EAGLES NEST, WITH ONLY FIVE HOLIDAY HOMES, ACHIEVE GLOBAL RECOGNITION AS ONE OF THE WORLD'S TOP 100 HOTELS IN ONLY FIVE YEARS? BY BEING THE LEADER IN THE MOST IMPORTANT EMERGING TREND IN LUXURY TRAVEL.

Luxury travellers are taking a new direction; they are looking more before, as they look to spend less time planning, packing, and transporting, and more time indulging and immersing into personal, unique, and unforgettable experiences. Requests for private villas are at an all-time high, especially from multi-generational families or groups of friends looking for privacy, space, and a 'home away from home', with comforts including personal gourmet chefs and housekeeping staff, and private pool and beach areas. Known as the world's ultimate retreat, the 70-acre estate offers what successful leaders around the world are looking for today. Conceived and designed by Sandra and Daniel Biskind, the distraction-free environment provides a quality of life that is a fantasy come true.

The subtropical micro-climate on the tip of the island-like Russell Peninsula in the heart of the legendary Bay of Islands provides some of New Zealand's best weather, year-round. Just two minutes from the romantic village of Russell, all sports – land, sea and air, including fabulous ocean-oriented activities – are easily accessible. The estate's private beach tracks descend through native bush to secluded beaches. Featuring fireplaces, spas, infinity pools, decks,

gardens and grounds, each villa also showcases views of sunsets across water over islands and mountains from your private balcony. The five villas are each unique, but all harmonise with each other and their setting. From fabulous art and antiques to luxurious furnishings, high touch blends seamlessly with high tech. Simple, subtle, refined, and minimal, all villas feature generous use of glass to frame incomparable views.

**Rooms:** 5 self-contained holiday homes accommodate 2-8; up to 30 accommodated in multiple villas.

**Restaurants:** Personal chefs; gourmet kitchens in each villa.

**Spa and Fitness:** Private infinity pools, spas, saunas; in-villa massage and beauty therapy and fitness equipment; gym; personal trainer.

**Corporate Facilities:** Villas can be used for events. Bahimoana accommodates up to 80.
